

Grace Lutheran Church & Preschool
Rev. Magdiel Fajardo
Mission Grant Report
November 17, 2016

Grace Lutheran Preschool 50th.

Our 50th Anniversary for Grace Lutheran Preschool was a success.

Thanks to the Mission Grant form CNH. We were able to reach out to our next door neighbors, our Preschool families and Congregation members.

We planned the event right when we had a rain, so we could not be outside for too long before it started raining, but we quickly moved everything inside, and we had plan ahead of time in case it rained.

We started with Matins Service at the Church, we were honored by the Visit of Alice Patino, Mayor of Santa Maria. We were also delighted to have with us a previous Director of our School, Jackie and her husband who visited from Modesto.

Our Preschool Teachers and Director were recognized at the end of the Service. And some of the kids who attended the service sang the Hymn "Have no fear little flock" which they love.

After the Service we had hot dogs. There was a cake walk, and the teachers set up different activities for children with face painting, pumpkin decorating, and a tossing contest.

Overall, we had fun. We are so blessed to serve our community through the school and we pray God will grant us many more years, sharing Christ with the little ones.

Our next step is, to continue to work with our immediate neighborhood.

We are praying that families in our Neighborhood can be reached with the Word of God.

We are surrounded by an elementary and Junior High School. They walk by the Church everyday, and we hope they will be walking in on Sundays.

Every Wednesday we have activities for elementary and junior high kids. We will set a big banner inviting them to join us!

To God be the Glory. Thank you.
